Baby Names

General instructions

- Work with PyCharm
- It is recommended to 'play around' with the Python interpreter.
- Adhere to conventions.
- Check your solution before handing it in.

Baby Names

The instructions to this exercise can be found in Google Python Class (thank you, Google):

https://developers.google.com/edu/python/exercises/baby-names

Make sure that **all** the parts (A, B) and **all** the details that appear in the Google class exercise are implemented.

No need to write tests, but make sure your code works.

Good luck!
